Supplemental Instruction (SCI) Courses at SF State:

Get more out of your Science and Math classes!

Learn how to study effectively and efficiently with your friends!

What is a SCI course? Who teaches the SCI courses?

- 1-unit companion courses offered for certain math and science classes.
- SCI classes meet for 100 minutes once per week to go over concepts and do problems in groups based on material covered in the primary course.
- The classes are run by peer undergraduate student facilitators (who are all STEM majors) trained in active learning strategies.

What happens in a SCI course? Are there tests or extra homework?

- No homework. No tests. Grades are based on class participation
- **Learning is fun in SCI!!** We play lots of games and do activities to help you learn
- **Learn strategies for success** in your science and math courses, as well as in life
- SCI is NOT one-on-one tutoring or homework help. (CARP and LAC both provide tutoring).

What are some of the benefits of taking SCI courses?

- SCI courses can help students earn **better grades** in their courses and thus progress more smoothly in a STEM major.
- Students taking SCI courses get **more practice** engaging with the material along with two points of view about how to solve complex problems.
- SCI students also become part of a **vibrant and supportive community** working towards a meaningful educational experience for all students. Students often say that their SCI section is a safe place to make mistakes and ask questions.

How do I find and enroll in a SCI course?

- Search class schedule under the "Science" department.
- Show up to class to get an ADD code.
- NOTE: You **must** be taking the matching parent course during the same semester. For example, in order to take SCI 115 you must be taking CHEM 115 during the same semester.

Who can I contact for answers to more questions about the SI program?

- Jessica Fielder, Program Director & Physics Liaison (jfielder@sfsu.edu)
- Kristen McGraw, Chemistry Liaison (kristen@sfsu.edu)
- Hasan Sulaeman, Biology Liaison (hasanregius@gmail.com)
- Anastasiya Timchenko, Math Liaison (atimchen@mail.sfsu.edu)
- Dr. Duc Ta, Computer Science Liaison (dta@sfsu.edu)

The 2017-2018 Supplemental Instruction Team

Fall 2018 SCI Course Offerings

SCI courses start the 2nd week of classes (starting September 4th, 2018). You do not need to be enrolled before classes start. Just show up and you will get an ADD permit.

SCI Course	Parent Course	Room	Meeting Time	Facilitators
SCI 111.03	PHYS 111	T-P 3	Th 4-5:40PM	Kacey R. & Karolina M.
SCI 111.04	PHYS 111	T-P 4	Th 6-7:40PM	Kloe K. & Jade F.
SCI 115.04	CHEM 115	T-P 4	M 4-5:40PM	Sinai D. & Stephanie A.
SCI 115.05	CHEM 115	T-P 4	T 4-5:40PM	Odessa G. & Nancy D.
SCI 115.06	CHEM 115	T-P 4	W 4-5:40PM	Imani D. & Aileen H.
SCI 121.03	PHYS 121	T-P 3	Th 6-7:40PM	Karley K. & Daniela A. C.
SCI 121.04	PHYS 121	T-P 3	Th 2-3:40PM	Josh G. & Rosa E.
SCI 199.02	MATH 199	T-P 4	W 6-7:40PM	Jemina A. & Cordelia C.
SCI 211.03	CSC 210	T-P 4	W 2-3:40PM	Myles G. & Jeirus J.
SCI 211.04	CSC 210	T-P 3	W 4-5:40PM	Luis D. & Alyssa R.
SCI 215.03	CHEM 215	T-P 4	Th 4-5:40PM	Daisy S. & Julissa O.
SCI 215.04	CHEM 215	T-P 3	T 4-5:40PM	Savannah Y. & David O.
SCI 220.02	PHYS 220	T-P 4	Th 2-3:40PM	John H. & Hector R.
SCI 226.02	MATH 226	T-P 3	M 4-5:40PM	Alexandra S. & Omar A.
SCI 227.02	MATH 227	T-P 4	M 2-3:40PM	Manuel M. & Sara D.
SCI 230.03	BIOL 230	T-P 4	M 10-11:40AM	Chelsea B. & Juliana A.
SCI 230.04	BIOL 230	T-P 4	W 10-11:40AM	Khanh T. & Rachel X.
SCI 234.02	PHYS 230	T-P 4	Th 10-11:40AM	Ivan M. & Imani W.
SCI 240.03	BIOL 240	T-P 4	M 6-7:40PM	Stephannie S. & Noelle K.
SCI 240.04	BIOL 240	T-P 4	F 12:30-2:10PM	Claire M. & Carleigh W.
SCI 333.03	CHEM 233	T-P 3	F 12:30-2:10PM	Jose J. & Kiran K.
SCI 333.04	CHEM 233	T-P 3	T 6-7:40PM	Nash B. & Brent S.
