

Clinical Research Coordinators: Learners for Equity (CIRCLE) TRAINING PROGRAM

***A PROGRAM FOR SENIORS, POST-
BACS, AND GRAD STUDENTS***

Applications due: March 15, 2022

ABOUT

- SF BUILD (Building Infrastructure Leading to Diversity) is a project funded by the National Institutes of Health (NIH).
- SF BUILD is led by SFSU and is a partnership with UCSF.
- The goal of the CRC training program is to prepare a more diverse pool of applicants to the Clinical Research Enterprise.
- Comprised of didactic modules and shadowing experience

PROVIDES

- Support to students transitioning into a clinical research job
- Theoretical and practical modules based on clinical research core competencies
- Opportunities to shadow CRCs from UCSF
- Professional Development
- Financial support during the summer portion
- Certificate of completion
- Networking, mentoring, and community building

ELIGIBILITY

- SFSU: Graduating senior, recent grad or currently enrolled in a master's program
- Participate in theoretical and practical modules from 8/01-8/12
- Complete the shadowing experience (20 hours) by December 2022
- Interest in research to address and eliminate health disparities
